Examiner's Comments

Out of 10 candidates 1 achieved a pass, 1 a pass with merit, and 7 a pass with distinction, including 4 with high distinction ie 85% and over. However, 1 student failed badly.

Most candidates managed the available time well in addressing the required number of questions.

There were some unfortunate losses of marks caused by failure to thoroughly read questions and some by including irrelevant information.

Handwriting was generally legible

I warmly congratulate the students who achieved distinction and high distinction results.
